Fall11.01: RECONNECT WITH YOUR PASSION AND PURPOSE - Saturday, Oct. 29th, 9:30am-12:00pm, SD #64 Board Room Fee: \$30

In this half-day course you'll learn a way to thrive in today's world of shifting values, consciousness and economics. If you're feeling overwhelmed, or just finding the old ways of doing things aren't working any more in your volunteer endeavours, you are not alone. This workshop will provide you with a purpose or passion centered model to guide your choices and those of your organization. Debby has spent the last 10 years studying what makes people successful today in a wide range of non-profit and for profit endeavours. All these examples have one thing in common and she'll be sharing this "one thing" with you.

Instructor: Debby Wetmore, MBA CA, is an author and educator. Prior to her 10- year research sabbatical, she spent more than 20 years in both corporate and entrepreneurial businesses in Canada and Japan, and now volunteers on the Investment Committee of the SS Foundation. She has a black belt in a soft martial arts form and is a daily Qi Gong practitioner.

Fall11.02: BUILDING AN EFFECTIVE VOLUNTEER TEAM (It takes all sorts!) Saturday, Nov. 19th, 9:30am-3:00pm, SS Elem Multi-Purpose Fee: \$35 Lunch provided

In a small community it is often left to a part-time staff person or a brave volunteer to recruit, manage expectations and co-ordinate volunteers in a non-profit organization. The team may be staging events or operating important programs to support vulnerable people. In any case, the challenges of bringing a group of very different people together to get a job done effectively can be overwhelming. Come ready for a challenging and fascinating look at ways to build your team in a positive, mutually beneficial manner.

Instructor: Theresa Kingston returns to Salt Spring to give one of her very popular workshops. She is an expert and entertaining trainer on issues concerning volunteer organizations and other human resources topics. Theresa has a Master of Arts in Leadership and Training from Royal Roads University and a Diploma in Public Sector Management from the University of Victoria.

Good Leadership is what makes great organizations. However, during tough times we have the dual challenge of rising demand for services and declining revenues. By exhibiting extraordinary leadership during these times, our groups can come out of them stronger than ever. We will explore the skills and strategies necessary to become an effective leader, including motivating and engaging your team, finding innovative solutions to challenges and inspiring others to achieve new levels of performance.
